

## **PAUL**

Paul who is 15 years is at an evening barbecue with his local youth club. He knows all of the people from his own club but he doesn't know anyone from the other clubs which have been invited.

He needs to use the toilet and when he gets to the door of the toilet there is a man standing outside. The man pulls back his coat and Paul sees that his trousers are opened all the way down and that his penis is hanging out.
